ORDER:

1. The National e-Governance Program (NeGP), approved by the Government of India, aims to significantly transform and improve the way the Government provides services to its citizens. It is envisaged to move from a government-centric to a citizen centric paradigm in service provisioning to start treating citizens as government customers; and to empower them to demand convenient, cost effective and transparent services from the Government. DIT, GoI has issued guidelines for funding the SWAN project for all States and U/Ts.

2. ITE&C Dept. GoAP proposed new G2G SWAN connecting the State Capital to all District Headquarters (DHQs) and Mandal Headquarters (MHQs) under National e-Governance Plan (NeGP) and also to replace the existing APSWAN which connects SHQ with DHQs only and also running BOO model. At each of the above locations a SWAN PoP (Point of Presence) is proposed to be established. The SHQ PoP will be connected to the District PoPs using leased lines with 12 Mbps capacity. Each of the DHQ PoPs will in turn be connected to the MHQ PoPs of that district using leased lines of 2 Mbps capacity.

3. The new APSWAN connects the State Secretariat to all Districts with 12 Mbps Bandwidth leased lines and 654 Mandals with respective District Head Quarters with 4 mbps leased lines, which are scalable, robust, and secure and has high capacity Bandwidth to carry voice, data and video traffic among designated Andhra Pradesh Government Offices at State, District and Mandal level. The connectivity to end-users is through leased circuits, or using Ethernet ports as appropriate for the individual offices. The Network has gateways for connecting to Internet of adequate capacity. The new SWAN is operational from 26.11.2010. The leased lines to support the Andhra Pradesh new State Wide Area Network are provided by BSNL, the Government of India undertaking. Horizontal Connectivity to SWAN is provided by service providers M/s BSNL, M/s Reliance, M/s Sify Technologies and M/s Akshara Enterprises as per Deity funding guidelines. APTS has released payment to the above service providers based on the advice of the Government to meet the project timelines for rolling out citizen services.
